

Domenic Signorelli, DPM, QME

Dr. Domenic Signorelli is a reconstructive foot and ankle surgeon who has been in practice 20 years. With office locations covering Los Angeles, Orange County, Inland Empire and South Bay, I provide patients the access they need to treat foot disorders from the common to the complex. Dr. Signorelli is a graduate of Case Western Reserve University/ Ohio College of Podiatric Medicine followed by residency programs at Anaheim General Hospital, Anaheim, California.

Additional certifications include California Qualified Medical Examiner, Ankle Arthroscopy, Orthotripsy Certified and Ankle Surgery License. I continue to provide innovative solutions to patient concerns regarding foot and ankle disorders and surgery.

Certifications:

Qualified Medical Examiner	Radiography and Fluoroscopy
Ankle Surgery Licensed	Supervisor and Operator
Ankle Arthroscopy	Advanced Cardiac and Life
Orthotripsy Certified	Support (ACLS)
LACERA Disability Evaluator	CO2Pulse-Dye Laser
